Tejaswini Chilli	FCT (Pilot)	**Pilot Phase**

NFD AGRO

CHILLI PEPPER PROJECT

NFD Agro will be the FIRST company in Nigeria to cultivate Tejaswini hybrid chili pepper at commercial scale.

Commercial Scale

Establish 20-hectare farmland, beginning with 1 hectare pilot as proof of concept before scaling.

Local Alternative to Imports

Offer spice processors an alternative to costly imports, saving time and money while ensuring supply stability.

Direct to Processors

Entire production targeted at large-volume buyers and spice processing companies needing guaranteed supply year-round.

Efficient Delivery

Produce goes directly to processors under pre-agreed contracts, cutting out middlemen and ensuring margin retention.

Proven Pilot Underway

Currently operating a 1-hectare pilot phase to confirm viability ahead of full commercial scale-up.

SUSTAINABLE DEVELOPMENT

OUR FOCUS

Empowering Farmers

We connect farmers to structured markets, fair pricing, and training-helping them improve yields and livelihoods. Our model creates a virtuous cycle: stronger farmers mean better supply quality, more consistent volumes, and more resilient income for all stakeholders.

5,000+
Farmers Targeted

Responsible Trading

With strong networks and strict quality control, we deliver reliable commodities while reducing waste and inefficiencies in the supply chain. We apply modern traceability standards to ensure every commodity batch meets domestic and exportgrade specifications.
